OWLER BROOK PRIMARY SCHOOL

P.E. Curriculum

What do we want for our pupils?

Our school aims to inspire all children to develop a love of physical activity and sport. Through good physical education, whole school values and a whole child approach, we aim to nurture confident, resilient children who will strive for their personal best. We listen to our childrens' wants and needs and provide them with a range of active experiences and clubs. We want to aid our children in obtaining the values and skills to celebrate and respect the success of others, as well as modestly celebrating their own successes. We aim to ensure that our delivery of physical education allows all children to have the skills and mindset to leave primary school with the capabilities to be successful in their sporting challenges and active lifestyles at secondary school and beyond. We strive to educate both our children and families to develop a greater understanding on how to live healthy lifestyles and make healthy choices. We are dedicated to ensuring healthy minds, as well as bodies and will continue to support our children's well-being. We have strong links with local clubs and partnerships within our community to ensure the children and families receive the support and knowledge they need.

Our PE lessons are planned using the Get Set 4 PE platform, which aligns with our core values, our whole child approach to PE and the objectives laid out in the National Curriculum. Get Set 4 PE is planned so that progression is built into the scheme which ensures our children are increasingly challenged as they move up through the school. The curriculum planning in PE is carried out in three phases (long-term, medium-term and short-term). The long-term plan maps out the PE activities covered in each term during the key stage. The PE subject leader works this out in conjunction with teaching colleagues and pupils in each year group. Together we create a broad and balanced curriculum that is exciting for our children to learn through. Our medium-term plans give details of each unit of work for each term. These schemes of work provide an overview of the unit, links to other areas of the National Curriculum and assessment criteria for that unit. The short-term lesson plans provide opportunities for children of all abilities to develop their skills, knowledge and understanding in each activity area.

What is our end goal?

At Owler Brook we recognise the importance PE plays in the curriculum and are committed to providing all children with opportunities to engage fully in Physical Education. The aim of our PE programme is to develop children's basic physical competencies, build confidence in their ability and build the foundations for a lifelong love of sport, physical activity and a healthy lifestyle. PE lessons encourage children to compete against themselves and others whilst being challenged to improve their physical, social, emotional and thinking skills. These skills are embedded in the heart of our planning.

Our objectives in the teaching of PE align with the National Curriculum in that we aim to ensure all pupils:

- Develop competence to excel in a broad range of physical activities,
- Are physically active for sustained periods of time,
- Engage in competitive sports and activities,
- Lead healthy, active lives.

EYFS

We encourage the physical development of our children in the nursery and reception class as an integral part of their work. As these classes are part of the Foundation Stage of the National Curriculum, we relate the physical development of the children to the objectives set out in the Early Learning Goals, which underpin the curriculum planning for children aged three to five years of age. We encourage the children to develop confidence and control of the way they move, and the way they handle tools and equipment. We give all children the opportunity to undertake activities that offer appropriate physical challenge, both indoors and outdoors, using a wide range of resources to support specific skills.

Assessment

Assessment Our teachers assess the children's work in PE, both by making informal judgements, as they observe them during lessons, and through assessing against the specific objectives set out in the National Curriculum and recorded using the Get Set 4 PE assessment software. We have clear expectations of what the pupils will know, understand and be able to do at the end of each Key Stage. Teachers are supported with resources to know how to prepare children for their next phase of education. These resources include the Get Set 4 PE progression of skills document, progression ladders and knowledge organisers.

EYFS	KS1	KS2
Early Learning Goals: *Personal, Social and Emotional Development ELG: -* Show an understanding of their own feelings and those of others, and begin to regulate their behaviour accordingly -Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions. -Be confident to try new activities and show independence, resilience and perseverance in the face of challenge -Explain the reasons for rules, know right from wrong and try to behave accordingly -Work and play co-operatively and take turns with others -Show sensitivity to their own and to others' needs *Physical Development ELG:* - Negotiate space and obstacles safely, with consideration for themselves and others -Demonstrate strength, balance and coordination when playing -Move energetically, such as running, jumping, dancing, hopping, skipping and climbing	Pupils should develop fundamental movement skills, become increasingly competent and confident and access a broad range of opportunities to extend their agility, balance and coordination, individually and with others. They should be able to engage in competitive (both against self and against others) and co- operative physical activities, in a range of increasingly challenging situations. *Pupils should be taught to:* • master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities • participate in team games, developing simple tactics for attacking and defending • perform dances using simple movement patterns	Pupils should continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They should enjoy communicating, collaborating and competing with each other. They should develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success. *Pupils should be taught to:* • use running, jumping, throwing and catching in isolation and in combination • play competitive games, modified where appropriate[for example, badminton, basketball, cricket, football, hockey, netball, rounder's and tennis], and apply basic principles suitable for attacking and defending • develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics] • perform dances using a range of movement patterns • take part in outdoor and adventurous activity challenges both individually and within a team • compare their performances with previous ones and demonstrate improvement to achieve their personal best
